Information We Collect

Bubble Wrap Pop! does not require an account and does not ask you to provide your name, email address, phone number, location, contacts, photos, microphone, or camera access. The app stores gameplay information locally on your device, including total pops, high score, achievements, selected themes, owned themes, Bubble Bucks, and sound/haptics preferences. Advertising

Bubble Wrap Pop! uses Google AdMob to show banner ads and optional rewarded ads. AdMob may collect and process information such as device identifiers, ad interactions, approximate location, diagnostics, and other data used to deliver, measure, and improve advertising.

Depending on your device settings and consent choices, ads may be personalized or non-personalized. On iOS, the app may ask for permission to track your activity across other companies' apps and websites using Apple's App Tracking Transparency prompt. If you decline, the app will still work, but ads may be less relevant.
